

TME PBIS Newsletter Summer Edition

PBIS TIPS TO REINFORCE POSITIVE BEHAVIORS DURING THE SUMMER (PAVE):

Schedule changes and seasonal transitions cause emotional upheaval for some families in typical years. Summer 2020 includes unique conditions, with families moving into a summer with fewer-than-usual options to keep children busy after months of learning from home due to the COVID-19 building closures. A few strategies, described below, might help families keep things chill this summer.

Remember:

1. Punishment does not teach.
2. Support Positive Behavior before there is a problem.
3. Define, teach, and routinely acknowledge family expectations.
4. Create engaging and Predictable routines.
